Note: It should be understood the PUD, TROA Covenants and currently accepted Summit County building guidelines are the documents used to develop these rules and regulations.

3.1 Construction Standards & Building Code:

All requests for site modifications including concrete, landscaping, new construction or modification of existing structures and amenities must first be submitted to the Architectural Review Committee for approval. This submittal must include the properly completed Construction Request Form, a drawing of the proposed improvements including a scaled front, rear and side elevation drawing if applicable and a detailed site plan showing all existing and proposed improvements.

All Park Models, Cabins, Chalets and Colorado Rooms entering the resort must be built to meet the Colorado Division of Housing standards or other standards acceptable to Summit County, which are applicable for that type of unit. Proof of this standard shall be an RPTIA Seal, ANSI Certification Seal, Colorado Division of Housing Seal or the equivalent seal from a regulatory agency acceptable to Summit County, or plans certified by a State of Colorado licensed engineer.

The riverbank of the Swan River may not be altered in any way, except that owners may, with approval of the ARC, add rock to the riverbank for erosion control. Before the ARC may approve any application for improvement of a lot that borders the Swan River, the owner of the lot shall cause the lot to be staked by a licensed surveyor to show the extent of the proposed improvements in addition to any other submittal requirements. Any approved improvements must then be constructed strictly in accordance with the plans as submitted and within the area shown by the survey.

3.2 Size of Chalets

All chalets, park models and cabins must adhere to the following size criteria:

Outside Dimensions: maximum exterior dimensions 38 feet in length by 14 feet in width. Exterior measurements are taken from the outer most edge of the unit and include all siding, trim, bump outs, window boxes and bays, but do not include roof eaves and door knobs.

There may be no internal partitions, kitchen, laundry, bathroom, or permanent bedroom facilities. A significant portion (60%) of all exterior walls must be glass to allow unobstructed view corridor through the room. The roof pitch must be consistent with eve of the adjacent cabin or chalet.

3.5 Porch shall be constructed upon a four (4) inch slab on grade foundation or other footings acceptable to county building codes, and shall be designed and constructed to be readily portable. Porch can only be constructed and attached to the side of a Park Home and the maximum dimensions and set back are consistent with the Colorado Room. The point of connection of the addition shall not exceed 15 inches up the slope of the existing cabin or chalet roof measured from the fascia. If the Park Home has a dormer, the roof may be attached and extended from the dormer roof. Should this option be chosen, it must comply with the six (6) foot setback from the front vertical plane of the Park Home. This option is only available to Chalets having a center loft or a loft high wall. The size is limited to 15 feet or a standard single loft. Loft walls must remain in tact. A porch must have a minimum of 60% glass and shall not have partitions, plumbing, or cooking facilities. Porch enclosures must meet minimum lighting standards which include an outside entry light and light switch inside to illuminate the interior.

The maximum height can be 8 feet 2 inches. Storage sheds are restricted to the rear 35 feet of the lot. These sheds must be constructed with log siding, green metal roof and stained in cedar or redwood tones.

(Added 3/14/14) – All sheds must be approved by the ARC before constructing. Sheds on common areas need to stay within the extended property lines (In other words, if a lot's plot plan lines were continued on into the common area, the shed would have to stay within those lines) The Board or ARC can make an exception to this rule.

3.8 Storage Shed for RV Lots 249-367: one storage shed built on skids without permanent foundation with a maximum of 120 square feet of floor space and maximum wall dimension of 14 feet on any side. The maximum height can be 8 feet 2 inches. These sheds must be constructed with log siding, green metal roof and stained in cedar or redwood tones. All picnic shelters must be constructed to the engineered drawings that have been approved by Summit County Building and Planning Departments. The picnic shelters must be constructed of graded Log material as approved by the engineer for structural strength. The underside will be tongue and groove pine and the top will be OSB covered with green metal roofing. A building permit is required for construction.

Note:

- 1- Summit County considers a loft as uninhabitable storage space. The county will not allow permanent access ladders to be installed in Colorado Division of Housing approved park homes coming into the resort.
- 2- The footprint of the Chalet and Colorado Room manufactured by Rocky Mountain Chalet has been accepted as the dimensional standard to be used for future units coming into the resort.

3.10 General Rules for Any Modification or New Construction

- 3.10.1 A Building permit is required for all construction except for storage sheds.
- 3.10.2 A Colorado licensed engineer is required for any site modification or new construction when required by the Building Department (generally when a roof is involved).
- 3.10.3 A Summit County registered contractor is required for site modifications or new construction that requires a building permit.
- 3.10.4 A Colorado Division of Housing approved Park Home will require placement of the unit by a state certified installer. This does not apply to units built to the ANSI or RPTIA code.
- 3.10.5 All site improvements and new construction must meet currently adopted building codes.
- 3.10.6 A site survey will be required for most major construction projects.
- 3.10.7 All site plans will require Architectural Review Committee and Summit County Planning Department approval.

3.10.8 Utilities (water risers, sewer inlet, power boxes, pedestals, water and sewer covers, etc.) must not be covered by a Chalet, Colorado Room, Porch, Deck, or any other structure when doing any site improvement. All major construction requests must be reviewed by Resort Management/Maintenance to ensure no utilities will be covered or damaged by the project.

3.10.9 Any site improvement requiring the removal/reinstallation or new installation of an electrical pedestal be in accordance with requirement described per exhibit 3.10.9A (Page 18)

3.11 Contractor Guidelines

3.11.1 Job Site Maintenance: Job site material must be maintained daily and excessive debris must be removed at least once per week. This will be reviewed by the Resort Manager or an assigned delegate.

3.11.2 Any contractor working in the Resort must provide the Resort Manager with a Certificate of Insurance showing adequate coverage for liability (minimum \$1,000,000) and Workman Comp where applicable. Workman Comp. on all contractors' employees, those using subs or non-employees must have signed and each supplied to the Association Manager a State of Colorado waiver of workman's comp.

3.11.3 Debris/Disposal Fees: If any fees are applicable, they must be negotiated with the Resort Manager.

3.12 Variance

If an owner's architectural request is rejected and they feel they have extenuating circumstances that are peculiar to their lot, the process for appealing is the following:

3.12.1 The owner must send a written appeal to the Architectural Review Committee and request a meeting to discuss the reason for declining the request.

3.12.2 If the appeal is not resolved at this meeting; the owner may then request the appeal be forwarded to the TROA Board of Directors for final consideration.

3.13 Easements and Encroachments:

The Covenants state the following:

7.1 Utilities. A blanket easement is hereby reserved for the Association its successors and assigns, throughout the entire Resort for the construction, installation, maintenance and operation of utility services, including water, sewer, gas, electrical, cable and other utility and electrical lines, and such other auxiliary equipment as may be used in connection herewith.

7.2 Maintenance. A Blanket easement is hereby reserved for the Association its successors and assigns, throughout the entire Resort, for general maintenance purposes, and over that portion of each Lot lying within ten (10) feet of any roadway for snow disposal purposes, and any agent or employee of the Association, its successors and assigns, may enter at any reasonable time upon any Lot or other part of the Resort, for the purpose of mowing, irrigating, landscaping, snow removal, or any other reasonable purpose beneficial to the Owners and the TROA.

The Tiger Run Plat records the following easement on every site:

- Sewer Lines Easement of 10' on either side of sewer lines throughout the property
- Water Lines Easement of 10' on either side of water lines throughout the property
- Electrical Easement of 10' on either side of overhead or underground electrical lines on the property
- Cable & Phone Easement of 10' on either side of overhead or underground cable Television and telephone lines on the property.
- Snow Storage Easement on all common use areas and the front 10' of each lot.
- Drainage Easement over all roadways, common use areas, front and rear 5' of each Lot and 5' along each side lot line.

Based on these figures, over 50% of every site is covered in some type of easement. It has always been recognized, that the tremendous values of the sites in the Community and the utility to their owners, would be severely hampered if owners were not allowed to utilize these easements for their cabins, decks, sheds and landscaping.

No structure shall ever be located within any snow removal or snow storage easement.

If a Park Home or Chalet is moved to another site it must meet all requirement imposed on new units. They must be sided with log or lap siding

The ARC recommends that every owner design their site amenities to minimize construction on the easements. However, due to the extent of easement coverage on every site, the ARC will not require that owners completely avoid the easements. Owners must recognize that removal and reconstruction of any amenity located on an easement, due to the need for access and repair to the utilities within that easement, is the sole responsibility of the site owner.

Owners should pay special attention to the following:

Any amenity, construction, landscaping or sprinkler system located within the 10' snow storage easement along the front of each site is subject to damage from the movement, plowing and storage of snow and ice. Repair of this damage is the sole responsibility of the site owner.

The vast majority of all utility repairs take place at the electrical pedestals, electrical transfer boxes, telephone and cable boxes, water risers, water valves and sewer outlets. Any amenity, construction or landscaping located near these items are at a higher risk of damage due to utility maintenance and repair. Repair of this damage is the sole responsibility of the site owner.

Propane tanks not attached to the Recreation Vehicle or Motor Home on Lots 1 through 248 and Lots 397 through 400 must be enclosed with a structure of such design, and at such location, as may be approved in writing by the TROA in accordance with Summit County Codes and Regulations. Propane tanks on Lots 249-367 are subject to the Rules and Regulations of the TROA.

3.14 Heating and Cooling Devices: No evaporative cooler, external heating or cooling equipment or device shall be constructed, placed or installed on any portion of any lot unless the same is approved by the TROA.

Section 4 - Parking and Storage:

All privately owned vehicles, trailers or other personal property must be kept or maintained within the owner's site and in a manner consistent with other covenants, rules or regulations governing the treatment of such property. TROA may, from time to time, designate certain parking spaces within the Common use areas, which may be reserved by Owners for the temporary parking of excess vehicles and trailers. These spaces, if so designated by the Board, will not be available for motor homes, travel trailers or any vehicle or trailer in excess of 22 feet in length. The reservation of space and collection of parking fees for these sites shall be administered by the Board or its assigns.

- 4.1 Storage trailers, boats, motorized vehicles, snowmobiles, bicycles, etc. are permitted on or off trailers within the Property provided that such are 1) parked on a designated concrete parking pad within the boundaries of a platted lot and not within one of the Tracts shown on Exhibit B as indicated in the PUD or any common use area, and such storage does not exceed 180 consecutive days, and no more than 8 months in any calendar year
- 4.2 Seasonal items must be removed after the season in which they are used.
- 4.3 **(Added 1/15/11)**-Overflow parking is available in front of the Clubhouse for a fee of \$7 per day for a maximum of 7 days within a 30 day period. Fees are to be paid at the Front Office.

Section 5 - RV and Cabin on the Same Site:

Only one permissible RV, Park Model, or Chalet may be located or maintained on a privately owned lot at the same time. An exception for the above rule shall be made under the following circumstances:

- 5.1 Each owner shall be given two, 48-hour grace periods per year, for the purposes of loading or unloading an additional recreational vehicle. Under no circumstances can

the additional recreational vehicle be used for lodging during those time periods. Any owner needing more than the allotted time for loading or unloading must make arrangements for the rental or other use of an additional site.

- 5.2 An owner may park an additional recreational vehicle on their site provided that the vehicle may be parked entirely on the owner's property without interfering with snow removal or other maintenance, and is the Site Owner's sole means of transportation.

- 7.2 Improperly maintained facilities, after notification to the Owners, will be corrected with appropriate billing to the owner. The costs of such corrections shall be billed to the Owner as an assessment under the Covenants.

The TROA may exercise its full judgment and discretion to ensure that no rentals result in deterioration of the quality of the Resort, a deterioration of the enjoyment of the Resort by other Owners and guests, or any use of the Units in violation of the provisions of this Declaration, the PUD or the Rules and Regulations adopted by the TROA. Owners who chose the third party management or self manage have to provide property management functions for their unit. Carbon monoxide detectors must meet the standards set forth in HB1091.

Violations

14.1 Reporting Violations: Complaints regarding alleged violations may be reported by an Owner or renter within the community, a group of Owners or residents, the TROA's management company, Board member(s) or committee member(s) by submission of a written complaint.

14.2 Notices: Any written notices to be sent to a Violator pursuant to this Section 3 shall be sent to: (i) the Owner of the Lot, if the alleged violation is made by the Owner, his or her guests, family members, or invitees, or (ii) the Owner and Tenant of the Lot, if the alleged violation is made by a tenant, his or her guests, family members, or invitees. Any notices shall be deemed to have been properly sent to any Violator when mailed, postage prepaid, to the address of the Violator.

14.3 Complaints: 1.3.1 Complaints by Owners or residents shall be in writing and submitted to the Manager, or if no Manager, then to the Board of Directors. The complaining Owner or resident shall have observed the alleged violation and shall identify the complainant ("Complainant"), the alleged violator ("Violator"), if known, and set forth a statement describing the alleged violation, referencing the specific provisions which are alleged to have been violated, when the violation was observed and any other pertinent information. Non-written complaints, or written complaints failing to include any information required by this provision, may not be investigated or prosecuted at the discretion of the TROA.

14.3.2 Complaints by a member of the Board of Directors, a committee member, or the manager, if any, may be made in writing or by any other means deemed appropriate by the Board if such violation was observed by the Director or manager.

14.4 Investigation: Upon receipt of a complaint by the TROA, if additional information is needed, the complaint may be returned to the Complainant or may be investigated further by a Board designated individual or committee. The Board shall have sole discretion in appointing an individual or committee to investigate the matter.

14.5 Initial Warning Letter and/or Telephone Call: If a violation is found to exist, a warning letter may be sent to the Violator explaining the nature of the violation. The Violator will have the number of days identified in the letter to come into compliance. In the alternative or in addition to the warning letter, if sent, a telephone call may be made to the Violator by a Board member, committee member, or manager, to explain the nature of the violation, discuss the same, and provide a time frame for compliance. A log of any such telephone calls shall be kept.

14.6 Continued Violation After Initial Warning Letter: If the alleged Violator does not come into compliance within the number of days identified in the first warning letter, this will be considered a second violation for which a fine may be imposed following notice and opportunity for a hearing. A second letter may then be sent to the alleged Violator, providing notice and an opportunity for a hearing, and explaining if a violation is found to exist, a fine may be imposed pursuant to this Policy. The letter may further state that the alleged Violator is entitled to a hearing on the merits of the matter provided that such hearing is requested in writing within the number of days identified in the letter, or in 10 days of the date on the second violation letter.

14.7 Continued Violation After Second Letter: If the alleged Violator does not come into compliance within the number of days identified in the second letter, this will be considered a third violation for which a fine may be imposed following notice and opportunity for a hearing. A third letter may then be sent to the alleged Violator, providing notice and an opportunity for a hearing, and explaining if a violation is found to exist, a fine may be imposed pursuant to this Policy. The letter may further state that the alleged Violator is entitled to a hearing on the merits of the matter, provided that such hearing is requested in writing within the number of days identified in the letter or 10 days of the date on the third violation letter.

14.8 Continued Violation After Third Letter: If the alleged Violator does not come into compliance within ten (10) day(s) of the third letter, this will be considered a fourth violation for which a fine may be imposed following notice and opportunity for a hearing. A fourth letter may then be sent to the alleged Violator, providing notice and an opportunity for a hearing, and explaining if a violation is found to exist, a fine may be imposed pursuant to this Policy. The letter may further state that the alleged Violator is entitled to a hearing on the merits of the matter provided that such hearing is requested in writing within the number of days identified in the letter or 10 days of the date on the fourth violation letter.

14.9 Notice of Hearing: If a hearing is requested by the alleged Violator, the Board, committee or other person conducting such hearing, as may be determined in the sole discretion of the Board, shall serve a written notice of the hearing to all parties involved prior to the hearing date. The Hearing shall be scheduled at the next regularly scheduled Board meeting, or at such Hearing date as may be scheduled by the Board no more than 60 calendar days after the alleged Violator's receipt of the initial notice of violation letter, as set forth in Section 3.5 above.

14.10 Hearing: At the beginning of each hearing the presiding officer may introduce the case by describing the alleged violation and the procedure to be followed during the hearing. Each party or designated representative may, but is not required to, make an opening statement, present evidence and testimony, present witnesses, and make a closing statement. The presiding officer may also impose such other rules of conduct as may be appropriate under the given circumstances. Neither the Complainant nor the alleged Violator is required to be in attendance at the hearing. The Board may base its decision solely on the matters set forth in the Complaint, results of the investigation and such other credible evidence as may be presented at the hearing. Unless otherwise determined by the Board, all hearings may be open to attendance by all Owners. After all testimony and other evidence has been presented at a hearing the Board shall within 40 days, or such longer period as the Board may set, render its written findings and decision, and impose a fine, if applicable. A decision, either a finding for or against the Owner may be by a majority of the Board members present at the hearing. Failure to strictly follow the hearing procedures set forth above shall not constitute grounds for appeal of the hearing committee's decision, absent a showing of denial of due process.

14.11 Failure to Timely Request Hearing: If the alleged Violator fails to request a hearing within the number of days identified in the letter or 10 days of a letter (if the time to request a hearing is not set forth in a letter to the Violator), or if a Violator fails to appear at the hearing, the Board may fine and make other decisions with respect to the alleged violation based on the Complaint, results of the investigation, and any other available information without the necessity of holding a formal hearing. If a violation is found to exist, the alleged Violator may be assessed a fine pursuant to these policies and procedures.

14.12 Notification of Decision: The decision of the Board, committee or other person, shall be in writing and provided to the Violator, and may also be provided to the Complainant

within 10 days or a reasonable time after the final decision. Owners are personally liable for any fines levied for violations by the Owner or a Related User.

14.13 Fine Schedule: Any action by owners deemed, by the Board, to be in violation of the PUD shall be subjected to a \$100/day fine until cured or proven to not be in violation. Any action proved not to be in violation of the PUD shall have its fine rescinded.

Violations of any other rules of the park, including but not limited to the Declaration, Policy and Procedures, Rules and Regulations and other Governing Document are subject to an initial fine of \$250.00. After 10 days, if infraction is not corrected, the fine will accrue at \$25.00 per day until it is corrected. Before the initial fine of \$250.00 fine is assessed, an initial warning letter will be sent to the owner explaining any rules violation. If the violation is not corrected within 30 days, the initial fine of \$250.00 will be assessed. (revised 8/27/12)

14.14 Waiver of Fines: The Board may waive all, or any portion of the fines if, in its sole discretion, such waiver is appropriate under the circumstances. Additionally, the Board may condition waiver of the entire fine or any portion thereof, upon the Violator coming into and staying in compliance with the Articles, Declaration, Bylaws or Rules.

14.15 Self-Help: In addition to any fines levied pursuant to this Section 3, the Board may, after the same notice and hearing procedures set forth above, enter upon the Lot at reasonable hours to correct the violation, including but not limited to: (1) cutting the grass, weeds and vegetation, and removing dead trees, shrubs and plants, and (2) making other such repairs, in order to bring the Lot into compliance with the maintenance provisions of this Declaration.

14.16 Other Enforcement Means: This fine schedule and enforcement process is adopted in addition to all other enforcement means which are available to the TROA through its Declaration, Bylaws, Articles of Incorporation and Colorado law. The use of this process does not preclude the TROA from using any other enforcement means.

14.17 Supplement to Law: The provisions of this Section shall be in addition to and in supplement of the terms and provisions of the Declaration and the law of the State of Colorado governing the Project.

14.18 Deviations: The Board may deviate from the procedures set forth in this Section if in its sole discretion, such deviation is reasonable under the circumstances.

14.19 Amendment: This Section may be amended from time to time by the Board of Directors.

Section 15-Towing

15.1.1 At any time, and with no prior Notice of Hearing to any Person, the

Manager or a member of the ACC may cause any vehicle parked or stored within the Common Use Area, in a manner which constitutes a Violation, to be removed from the Common Use Area.

15.1.2 The owner of the towed vehicle will be responsible for paying all towing and vehicle storage fees as an assessment pursuant to the Covenants. Charges for towing are in addition to any Fines that may be assessed.

15.1.3 Excepting only the owner of the towed vehicle, no Person will be responsible for damages caused by the towing of a vehicle.

15.1.4 Owners and Related Users shall be jointly and severally liable for all costs incurred by the TROA in towing a vehicle, as if the same were Fines, all as more particularly described in Section 3 above.

Section 16- Collection of Unpaid Assessments

16.1 Due Dates: The monthly installments of the annual assessment, as determined by the TROA and as allowed for in the Declaration, shall be due and payable on the first day of each month. Assessments or other charges not paid in full to the TROA within 10 days of the due date shall be considered past due and delinquent. Assessments or other charges not paid in full to the TROA within 10 days of the due date shall incur late fees and interest as provided below. In the event notice of acceleration is given to delinquent Owner(s), the Owner(s) of the unit shall also be charged any costs incurred by the TROA in giving notice of such acceleration.

16.2 Receipt Date: The TROA shall post payments on the day that the payment is received in the TROA's office.

16.3 Late Charges on Delinquent Installments: The TROA shall impose on a monthly basis a \$35.00 late charge for each Owner who fails to timely pay his/her monthly installment of the annual assessment within 10 days of the due date. This late charge shall be a "common expense" for each delinquent Owner. The TROA may impose interest from the date due at the rate of 18% per annum on the amount owed for each Owner who fails to timely pay their monthly installment of the annual assessment within 10 days of the due date.

16.4 Personal Obligation For Late Charges: The late charge shall be the personal obligation of the Owner(s) of the unit for which such assessment or installment is unpaid. All late charges shall be due and payable immediately, without notice, in the manner provided by the Declaration (and as set forth herein) for payment of assessments.

16.5 Return Check Charges: In addition to any and all charges imposed under the Declaration, Articles of Incorporation and Bylaws, the Rules and Regulations of the TROA or this Resolution, a \$50 fee or other amount deemed appropriate by the Board of Directors shall be assessed against an Owner in the event any check or other instrument attributable to or payable for the benefit of such Owner is not honored by the bank or is returned by the bank for any

reason whatsoever, including but not limited to insufficient funds. This returned check charge shall be a "common expense" for each Owner who tenders payment by check or other instrument which is not honored by the bank upon which it is drawn. Such return check charge shall be due and payable immediately, upon demand. Notwithstanding this provision, the TROA shall be entitled to all additional remedies as may be provided by applicable law. Returned check charges shall be the obligation of the Owner(s) of the unit for which payment was tendered to the TROA. Returned check charges shall become effective on any instrument tendered to the TROA for payment of sums due under the Declaration, Articles, Bylaws, Rules and Regulations or this Resolution after the date adopted as shown above. If two or more of an Owner's checks are returned unpaid by the bank within any (fiscal) year, the TROA may require that all of the Owner's future payments, for a period of one (1) year, be made by certified check or money order. This return check charge shall be in addition to any late fees or interest incurred by an Owner. Any returned check shall cause an account to be past due if full payment of the monthly installment of the annual assessment is not timely made within 10 days of the due date.

16.6 Attorney Fees on Delinquent Accounts: As an additional expense permitted under the Declaration and by Colorado law, the TROA shall be entitled to recover its reasonable attorney fees and collection costs incurred in the collection of assessments or other charges due the TROA from a delinquent Owner. The reasonable attorney fees incurred by the TROA shall be due and payable immediately when incurred, upon demand.

16.7 Application of Payments: All sums collected on a delinquent account that has been turned over to the TROA's attorney shall be remitted to the TROA's attorney until the account is brought current. All payments received on account of any Owner or the Owner's property (hereinafter collectively "Owner"), shall be applied to payment of any and all legal fees and costs (including attorney fees), expenses of enforcement and collection, late charges, returned check charges, lien fees, and other costs owing or incurred with respect to such Owner pursuant to the Declaration, Articles, Bylaws, Rules and Regulations, or this Resolution, prior to application of the payment to any special or regular assessments due or to become due with respect to such Owner.

16.8 Collection Process:

16.8.1 After an installment of an annual assessment or other charges due to the TROA becomes more than 10 days delinquent, the Managing Agent may send a written notice ("First Notice") of non-payment, amount past due, notice that interest and late fees have accrued and request for immediate payment.

16.8.2 After an installment of an annual assessment or other charges due to the TROA becomes more than 30 days delinquent, the Managing Agent may send a second written notice ("Second Notice") of non-payment, amount past due notice that interest and late fees have accrued, notice of intent to file a lien and request for immediate payment.

16.8.3 After an installment of an annual assessment or other charges due to the TROA becomes more than 60 days delinquent; the Managing Agent may cause an additional notice of lien to be recorded and may also turn the account over to the TROA's attorney for collection. Upon receiving the delinquent account, the TROA's attorneys may record an

additional notice of lien (if not previously recorded) and may send a letter to the delinquent Owner demanding immediate payment for past due assessments or other charges due. Upon further review, the TROA's attorney may file a lawsuit. If a judgment or decree is obtained, including without limitation, a foreclosure action, such judgment or decree shall include reasonable attorney's fees together with the cost of the action and any applicable interest and late fees.

16.8.4 In addition to the steps outlined above, the TROA shall elect to suspend the voting rights of any Owner whose account is past due at the time of such voting.

16.9 Acceleration and Deceleration of Assessments: The Board reserves the right to accelerate and call due the entire unpaid annual assessment on any delinquent account which is sixty days delinquent. Such acceleration shall result in the entire unpaid annual assessment being due to the TROA immediately. The Board also reserves the right to decelerate any accelerated assessment.

16.10 Collection Procedure Frames: The following time frames may be followed for use in the collection of monthly installments of the annual assessment and other charges.

Due Date (date payment due)	First day of the month due
Past Due Date (date payment is late if not received on or before that date)	10 day after due date
First Notice (notice that late charges and interest have accrued)	10 days after due date
Second Notice (notice that late charges and interest have accrued, notice of intent to file lien)	30 days after due date
Delinquent account turned over to TROA's attorney; Lien filed; Demand letter sent to Owner	60 days after due date

The attorney is to consult with the TROA as necessary to determine if payment has been arranged or what collection procedures are appropriate.

16.11 Certificate of Status of Assessment: The TROA shall furnish to an Owner or such Owner's designee upon written request, first class postage prepaid, return receipt, to the TROA's agent, a written statement setting forth the amount of unpaid assessments currently levied against such Owner's property for a fee as set by the Manager, from time to time. However, if the account has been turned over to the TROA's attorney, such request may be handled through the attorney.

16.12 Bankruptcies and Foreclosures: Upon receipt of any notice of a bankruptcy filing by an Owner, or upon receipt of a notice of a foreclosure by any holder of an encumbrance

against any unit within the TROA, the Managing Agent shall notify the TROA's attorney of the same and turn the account over to the TROA's attorney, if appropriate.

16.13 Use of Certified Mail/Regular Mail: In the event the TROA shall cause a collection or demand letter or notices to be sent to a delinquent Owner by regular mail, the TROA may also cause, but shall not be required to send, an additional copy of that letter or notice by certified mail.

16.14 Referral of Delinquent Accounts to Attorneys: Upon referral to the TROA's attorney, the attorney shall take all appropriate action to collect the accounts referred. After an account has been referred to an attorney, the account shall remain with the attorney until the account is settled, has a zero balance or is written off. The attorney, in consultation with the Manager, is authorized to take whatever action is necessary and determined to be in the best interests of the TROA, including, but not limited to:

- a. Filing of a suit against the delinquent Owner for a money judgment;
- b. Instituting a judicial foreclosure action of the TROA's lien;
- c. Filing necessary claims, documents, and motions in bankruptcy court in order to protect the TROA's interests;
- d. Filing a court action seeking appointment of a receiver.

All payment plans involving accounts referred to an attorney for collection shall be set up and monitored through the attorney.

16.15 Appointment of a Receiver: The TROA may seek the appointment of a receiver if an Owner becomes delinquent in the payment of assessments pursuant to the Declaration and Colorado law. A receiver is a disinterested person, appointed by the court that manages the rental of the property, collects the rent and disburses the rents according to the court's order. The purpose of a receivership for the TROA is to obtain payment of current assessments, reduce past due assessments, and prevent the waste and deterioration of the property.

16.16 Judicial Foreclosure: The TROA may choose to foreclose on its lien in lieu of or in addition to suing an Owner for a money judgment. The purpose of foreclosing is to obtain payment of all assessments owing in situations where either a money judgment lawsuit has been or is likely to be unsuccessful or other circumstances favor such action.

16.17 Waivers: The TROA is hereby authorized to extend the time for the filing of lawsuits and liens, or to otherwise modify the procedures contained herein, as the TROA shall determine appropriate under the circumstances.

16.18 Communication with Owners: All communication with a delinquent Owner shall be handled through the TROA's attorney once a matter has been referred to the attorney. Neither the Neither manager nor any member of the Board of Directors shall discuss the collection of the account directly with an Owner after it has been turned over to the TROA's attorney unless the attorney is present or has consented to the contact.

16.19 Defenses: Failure of the TROA to comply with any provision in this Policy shall not be deemed a defense to payment of assessment fees or other charges, late charges, return check charges, attorney fees and/or costs as described and imposed by this Policy.

Section 17-Investment of Reserves

17.1 Scope: In order to properly maintain areas in the Community that are the responsibility of the TROA, to comply with state statutes, to manage reserve funds, protect market value of Owners' homes and livability in the Community, the Board of Directors determines that it is necessary to have policies and procedures for the investment of reserve funds and performance of reserve studies.

17.2 Purpose of the Reserve Fund: The purpose of the Reserve Fund shall be to responsibly fund and finance the projected repair and replacement of those portions of the Community that the TROA is responsible for and for such other funding as the Board of Directors may determine. 17.10 Reserve Funds: It is the policy of the TROA to maintain reserves accounts at a minimum of 30% of the anticipated expenditures identified in the Reserve Study. Any shortfalls may be funded by special assessments or borrowing or both.

17.11 Standard of Care: The officers and members of the Board of Directors shall make investment decisions in good faith, with the care an ordinarily prudent person in a like position would exercise under similar circumstances, and in a manner the Director or officer reasonably believes to be in the best interests of the Association in accordance with the Colorado Revised Nonprofit Corporation Act.

Section 22-Rules Concerning Use of Water (Adopted November 22,2 2013)

1. Introduction. Tiger Run has limited rights to use water for irrigation as distinguished from domestic use. It is in the process of attempting to acquire additional irrigation rights. There could be legal consequences if Tiger Run uses more water than it has rights to or uses water for irrigation that is designated for domestic use. In recognition of this issue, the Tiger Run covenants only allow owners to have access to domestic water (Article VI)

and allow Tiger Run to adopt rules on the use of water due to a limited volume of irrigation water (Section 8.7). The covenants also require owners to adequately maintain their landscaping (Sections 5.2, 8.8, 8.12, 8.13), and there may be confusion about how that requirement interrelates with the water restrictions. Tiger Run has adopted this rule to clarify permissible water use in the park and provide enforcement remedies.

2. Permissible Use of Water. It is permissible for owners to use water for domestic use, which includes most indoor uses such as cooking, cleaning, and bathing. Domestic use does not include any uses of water outside such as washing vehicles, irrigating (any watering of plants), hot tubs, and similar uses. Water use may be allowed for construction, cleaning, driveway preparation for upgrading, repairs and other needs as deemed appropriate by Management and with prior Management or Board approval. Any uses of water other than those listed above is not allowed.

3. Water for Irrigation. Owners may irrigate their landscaping only using Tiger Run's sprinkler system. Tiger Run will attempt to run the sprinkler system as often as possible within the limits imposed by its water rights, government restrictions, and good practice. An exception will be made to allow flowers to be watered out of a water bucket not to exceed 2 gallon in size.

4. Landscaping. To the extent the covenants require owners to maintain their landscaping, this means within the bounds of the water available for irrigation. Owners will not be required to maintain their landscaping in a manner inconsistent with the available irrigation water supply.

5. Items Not Consistent With Domestic Use. Tiger Run may require owners to remove from their lots any items, such as hoses, hose bibs, and sprinkler attachments, that are not consistent with domestic use as determined by Tiger Run.

6. Enforcement.

a. Review of Suspected Violations and Persons Entitled to Participate. The Board will review all suspected violations of this rule coming to its attention. The following shall not be entitled to participate in the proceedings as a director: (a) the owner suspected of the violation; and (b) any other owner having a direct personal or financial interest in the outcome. An owner shall not be deemed to have a direct personal or financial interest in the outcome if the owner will not, as a result of the outcome, receive any greater benefit or detriment than will the general membership of the Association. Owners that are not entitled to participate in the proceedings may nonetheless be counted in determining the presence of a quorum at a meeting of the Board to consider the suspected violation, but any such owner will then recuse himself or herself and the remaining directors may take action even if they are less than a quorum.

b. Notification of Owners. Before taking any action against an owner for violation of this rule, a written notice will be provided to the owner using the procedure for notice contained at Section 17.2 of the covenants. The Board will give the owner an opportunity for a hearing at a regular or special meeting of the Board upon the owner's request in writing within ten calendar

days following the notice. If the owner does not request a hearing, that will be deemed conclusive that the owner committed the violation.

c. Fair and Impartial Factfinding Process. At any hearing to consider a suspected violation, the Board will employ a fair and impartial factfinding process concerning whether the alleged violation actually occurred and whether the subject owner is the one who should be held responsible for the violation.

d. Fines. If it is determined that an owner violated this rule, the owner shall be subject to a fine of no less than \$250 plus \$150 for each day that the Board determines the violation occurred. The fine will double for each successive violation that leads to a separate notice under this rule.

e. Collection Provisions. All costs and attorney fees incurred by Tiger Run to enforce its covenants and rules shall be an assessment subject to all lien and collection powers of the association, except, if it is determined that the owner suspected of a violation should not be held responsible for the alleged violation, the Tiger Run shall not allocate to the owner's account any of the association's costs or attorney fees incurred with respect to the claim.

f. Conflict. This rule is intended to be the exclusive rule or policy applicable to water use and, in the event of a conflict between this rule and any other rule or policy, the provisions of this rule will control any case involving water use.

7. Additional Enforcement Remedies.

a. In addition to any fines under this rule, an owner who violates this rule is liable for any expenses incurred or liabilities accrued by Tiger Run with respect to third parties relating to the violation, including costs and attorney fees. This includes all expenses necessary to determine Tiger Run's rights with respect to such third parties.

b. Tiger Run is permitted to enter onto any lot and immediately abate any activity that reasonably appears to violate this rule, even before providing notice and opportunity for a hearing, and Tiger Run will have no liability for such action.

c. Tiger Run may confiscate any items of personal property, such as hoses and sprinklers, that appear to be used in violation of this rule, even before providing notice and opportunity for a hearing, and will have no liability for such action.

d. The enforcement remedies provided herein may be exercised by the manager who will immediately report any action taken under this rule to the Board. The manager will not be liable for any action reasonably taken to enforce this rule.

e. Tiger Run and the manager may take reasonable actions to document alleged violations of this rule.

If the owner does not request a hearing, that will be deemed conclusive that the owner committed the violation.

At any hearing to consider a suspected violation, the Board will employ a fair and impartial fact finding process concerning whether the alleged violation actually occurred and whether the subject owner is the one who should be held responsible for the violation.

1.5 Collection Provisions. All costs and attorney fees incurred by Tiger Run to enforce its covenants and rules shall be an assessment subject to all lien and collection powers of the association, except, if it is determined that the owner suspected of a violation should not be held responsible for the alleged violation, the Tiger Run shall not allocate to the owner's account any of the association's costs or attorney fees incurred with respect to the claim.

1.11 Other Enforcement Means: This fine schedule and enforcement process is adopted in addition to all other enforcement means which are available to the TROA through its Declaration, Bylaws, Articles of Incorporation and Colorado law. The use of this process does not preclude the TROA from using any other enforcement means.

1.12 Supplement to Law: The provisions of this Section shall be in addition to and in supplement of the terms and provisions of the Declaration and the law of the State of Colorado governing the Project.

1.13 Deviations: The Board may deviate from the procedures set forth in this Section, if in its sole discretion, such deviation is reasonable under the circumstances.
